

Sprint 1 Report

Product name: Mosaicly

Team name: Mosaicly Team

Written by: Brighton A.

Date: Apr 22th, 2025

Actions to stop doing

- None (there are actions that the team should *start* doing as opposed to stopping)

Actions to start doing

- The team should start organizing meetings for people who are working on the same or connected tasks so that the tasks can be completed faster and more effectively
- The team should start communicating about their task progress or what tasks they start and finish so that the Scrum Master can make sure the Scrum Board remains updated

Actions to keep doing

- The team should keep communicating on Discord, since this helps the team help each other with the tasks and staying on track
- The team should keep using Trello to keep track of the Scrum Board, since the Scrum Master and the team can see which tasks are being worked on

Work completed/not completed (User Stories)

- Completed:
 - Basic Functioning Application
 - Secure Signup and Login Functionality
 - Account System
- Not Completed:
 - All App Pages and Canvas UI

Work completion rate

- User Stories Completed: 3
- Ideal Task Hours Completed: 22.5
- Total Days: 14
- User Stories/Day: 0.21
- Ideal Work Hours/Day: 1.61

Final Burnup Chart
